### KEECH SECTION: Subject to Keech Discount Structure

Keech System: Specialised Application Points	McCoy Armin
--	-------------

ARDMCA1	50mm	10mm	1			each	Armin Point <b>Long</b> : Soil Disturbance approx. 50mm below closing wing.
ARDMCA2	25mm	10mm	1			each	Armin Point <b>Short</b> : Soil Disturbance approx. 25mm below closing wing.

The McCoy Armin has a Patented, in-built closer wing. The leading knife blade cuts the slot and provides for deep soil disturbance.

Immediately behind, and prior to seed delivery, the in-built closing wing forms a consistent depth seed bed over the slot: giving better control of seed placement and sowing depth.

ARDMCA2

Keech Points	Tile & Keetuff Grit Combo
--------------	---------------------------

#### 12mm Standard
