### KEECH SECTION: Subject to Keech Discount Structure

Keech System: Specialised Application Points					McCoy Armin
ARDMCA1	50mm	10mm	1	each	Armin Point <b>Long</b> : Soil Disturbance approx. 50mm below closing wing.
ARDMCA2	25mm	10mm	1	each	Armin Point <b>Short</b> : Soil Disturbance approx. 25mm below closing wing.

The McCoy Armin has a Patented, in-built closer wing. The leading knife blade cuts the slot and provides for deep soil disturbance. Immediately behind, and prior to seed delivery, the in-built closing wing forms a consistent depth seed bed over the slot: giving better control of seed placement and sowing depth.
