

D-Cup Diffuser™

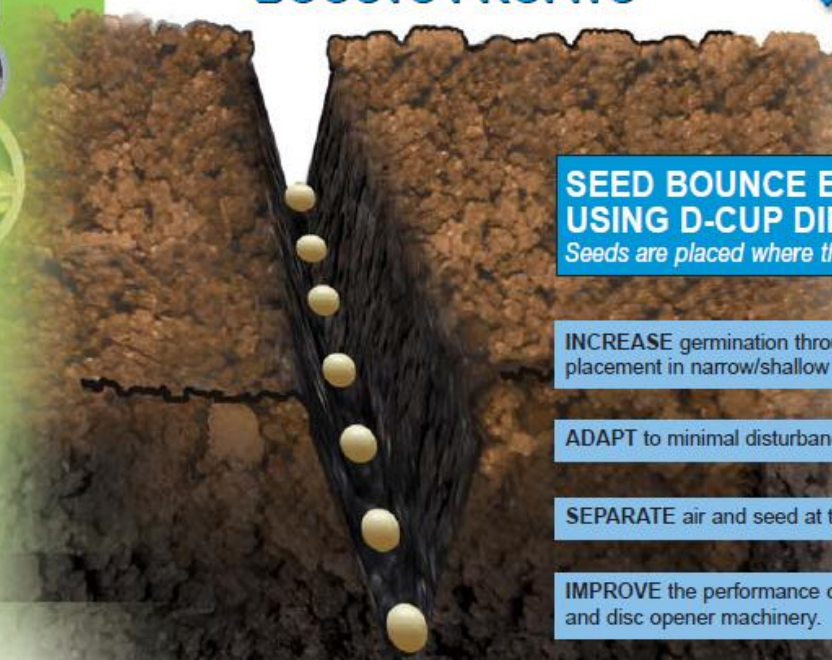

HOW MUCH IS SEED BOUNCE COSTING YOU?

- GERMINATION?
- TIME?
- YIELD?
- PROFIT?

Seed Bounce in a narrow/shallow planting trench without D-Cup Diffuser

D-CUP DIFFUSER BOOSTS PROFITS

SEED BOUNCE ELIMINATED USING D-CUP DIFFUSER

Seeds are placed where the moisture is!

- INCREASE germination through accurate seed placement in narrow/shallow planting trenches.
- ADAPT to minimal disturbance farming techniques.
- SEPARATE air and seed at the point of sowing.
- IMPROVE the performance of both tine planting and disc opener machinery.

HOW IT WORKS

Seed - Bounce Elimination Technology
