Rasspe Mower Blades are made in Solingen, Germany.

Solingen is renowned as the capital of knife and blade manufacture; many consider that the world's best blades come from Solingen. Rasspe has over 170 years of manufacturing experience and today supplies blades for mowers, straw choppers, fodder mixers and Twine Knotters for late model Balers to the major O.E.M.s of Europe.

Agpoint Australia is proud to import and distribute this quality range of products.
